

JOB OPENING

Fleet Mechanic

The Littleton Electric Light Department is accepting applicants for the position of Fleet Mechanic.

The Fleet Mechanic's primary responsibility is to perform diagnostic trouble shooting and service repairs on a full range of trucks, hydraulics systems associated with utility trucks and equipment, material handling aerial devices, plows, backhoes, air brake systems, small engines and equipment associated with them. Problem solving, accuracy and attention to detail along with clear, accurate and respectful communication with coworkers will be required for this position.

Applicants must possess a valid Massachusetts driver's license, and have a high school diploma, trade school, or equivalent education. Two years progressive experience as a mechanic, with knowledge of basic hydraulic systems, welding, metal fabrication, and minor body repairs is preferred. Applicant must pass a physical and drug test once hired.
